PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on project experience in Java, SQL, and web technologies, including building AI-assisted and full-stack applications. Strong foundation in data structures, database management, and the software development lifecycle. Seeking an entry-level Software Developer role to apply technical skills, deliver clean and efficient code, and contribute to organizational growth.

TECHNICAL SKILLS

Languages	Java · SQL · JavaScript · HTML · CSS
Core Concepts	OOP · Data Structures & Algorithms · DBMS · Software Development Life Cycle
Backend & Database	Core Java · MySQL
Tools	VS Code · Eclipse IDE · Git · MS Office

PROJECTS

AI-Based Secure Resume Screening System

Spring Boot · MySQL · Apache Tika · AI Concepts

- Built an automated resume screening platform to parse and evaluate PDF/DOCX resumes for candidate ranking.
- Extracted candidate skills, education, and experience using Apache Tika and rule-based AI logic, then calculated skill-match percentages and suitability scores.
- Implemented SHA-256 hashing, RSA digital signatures, and AES encryption to verify resume authenticity and detect tampering.
- Developed an admin dashboard to view, download, rank, and verify candidate resumes.

Library Management System

Java · Spring Boot · MySQL · HTML · CSS · JavaScript

- Developed a web-based Library Management System to automate book inventory, member registration, and issue/return tracking.
- Implemented CRUD operations for efficient management of library resources with a relational MySQL database.
- Designed user-friendly interfaces for administrators and students, improving day-to-day record-keeping efficiency.

Personal Portfolio Website | [Portfolio link](#)

HTML · CSS · JavaScript

- Developed a responsive personal portfolio website to showcase projects, technical skills, and professional information.
- Built an interactive, modern user interface optimized for usability and responsiveness across devices.

EDUCATION

B.Sc. Computer Science (CGPA: 7.9) — Mar Gregorios College, Chennai

2023 – 2026

HSC — P.K.G.G. High School, Ambattur · 79%

2021 – 2022

CERTIFICATIONS

- Java Full Stack Development Program – Nirmaan Organization (Infosys Foundation CSR Initiative): Completed training in Frontend Development (HTML, CSS, JavaScript), Core Java, Database Management, and Software Development concepts.

SOFT SKILLS

Problem Solving · Logical Thinking · Communication · Team Collaboration · Adaptability · Time Management

AREAS OF INTEREST

Software Development · Database Management · Web Application Development · Java Programming · Problem Solving
